WHAT ARE THE BACH™ ORIGINAL FLOWER REMEDIES?

Chicory

Bach Original Flower Remedies are a simple, natural and effective system of medicine. They were developed in the 1930s by Dr Edward Bach, a noted doctor, homeopath, bacteriologist and immunologist, who believed that a healthy mind is the key to recovery from ill health. Together the 38 remedies help you manage your emotions, working gently to restore balance and emotional well being.

Bach Original Flower Remedies have been used successfully for over 70 years throughout the world by medical and complementary health practitioners, as well as by private individuals. They are simple to use and safe for all the family.

SEMINAR PROGRAMME 2004 - 2005

You can learn more about *Bach Original Flower Remedies* by attending the Bach International Education Programme (BIEP). This is a three-tier training programme organised by Nelsonbach, sole distributors of the remedies prepared at Dr Bach's home according to his instructions. Courses are approved by **The Dr Edward Bach Foundation**, the educational wing of **The Dr Edward Bach Centre**. These courses will help you to learn how to use *Bach Original Flower Remedies* in your work and your daily life. We recommend the following time frames between courses to allow you time to integrate the information and experience from each level.

- At least three months between Introductory (Level 1) and Advanced (Level 2) courses
- At least six months between Advanced (Level 2) and Practitioner (Level 3) courses

We encourage practical application of the remedies outside the seminars where possible on yourself, family and friends.
